# President's Letter

---

Dear TOG Airstream Family,

“Oh let us thankful be,” words to a hymn I learned long ago, but have taken to heart for this letter to all of you. On behalf of my own family, thank you to my Airstream family and friends who have prayed for and encouraged John and me in our quest for good health. Your love and support have made all the difference.

Thank you for giving me the opportunity to be your president. I have enjoyed being president and I really look forward to the year ahead. I so appreciate the dedication of the members of the Executive Board and all the committee chairmen and members who give so freely of their time, their talents, and also their money. We would not have any success, however, if it was not for the many, many volunteers who step up and do the work needed. Thank you all.

As a way of saying thank you, I want to invite all of you to the President's Christmas Party. This year it is going to be held at the Top of Georgia on December 4. You can find full details in this newsletter. It has not been held at the TOG in more years than most can remember as the president usually has it near his or her home. This year I want it at our Airstream home, at the TOP. There will be no charge for the luncheon, but you are asked to please bring a dish or dessert of your choosing. The Board is paying for and providing the turkey and ham. Also, please bring some canned goods for the White County Food Pantry.

My best to each of you for good health and happiness during this holiday season and in the year ahead.

*My best always, Mary Anne*

# What's New in the Park

## **Fiber Optic Internet**     by Doug Ralston, Pres. Elect

I have signed the contract for fiber internet through Windstream. Thanks to Rick Sibly's coaching, I was able to negotiate a reduced term. From 5 yrs to 3 yrs, plus we get the first month free when we start service.

We do not pay until service starts in a few months.

So now we are "all in" on this project. Jesse Stone, Rick Sibly and Tom Baker and the maintenance team are making great strides on implementation.

FYI, the fiber installation from Windstream can take up to 90-120 days. So that is why we needed to sign now.

According to Jesse, the "Einstein of Wi-Fi", this should coincide nicely with the roll out of the park broadcasting equipment.

I am very excited about the next generation of Internet Access at the Top of GA. If you see Jesse, Rick and his team, give them a pat on the back. The amount of work they are doing in the private sector would cost many multiples of what we are investing. We are truly blessed to have members of our park that bring with them industry knowledge so vast and valuable.

TOG member, Larry White, is personally starting a pilot program for recycling in the park. He will take the recycling to the White County Recycling each week.

Larry will be here through November. If no one volunteers to cover for him during the time that he is away from the park, the recycling program will be suspended until his return.

- Boxes need to be flattened and clean. No Pizza boxes.
- Plastics #1-5 need to be clean. No plastic bags.
- Aluminum and tin cans. Again clean.
- No bottles or glass. White County does not recycle them for now.

Clean is "key" with this program as these trash bins will not be bear-proof.

# MEET YOUR 2023 BOARD MEMBERS

President: Mary Anne Meeks

President Elect: Doug Ralston

1st Vice President: Brad Singleton

Treasurer: John Meeks

Secretary: Kimberly Funderburg

2<sup>nd</sup> year Director:  
Jiji Moore

2<sup>nd</sup> year Director:  
Bill Harris

1<sup>st</sup> year Director:  
Rod Wilson

I would like to take a moment to thank all those members who had enough faith in me to give me their vote.

I will work faithfully to support the current Administration and the membership with both maintenance and improvements for the future of the park.

Sincerely,  
Rod Wilson #4051

1<sup>st</sup> year Director:  
Nadine Johnson

"The Top" has been a life saver for me and many others, especially through COVID and personal loss.

I am thrilled to have been voted in as a director and look forward to serving the membership!

If you have any questions or suggestions, please feel free to call or text me at 727/418-1333.

# Hosting

**Ken Rabren,  
Host Coordinator**

*Serving as host for our park, I believe, is one of the most valuable services any member can volunteer for. We have been very fortunate to have had excellent volunteers that have worked very well with the changes that have been made in the past several months.*

*Even though the hosting calendar is full until May it would be a good time to check the calendar for next year in order to get the weeks that you would like, the calendar is posted and training is available.*

Please call Ken to volunteer and set up a time **(404) 660-5597**

## **As a reward for volunteering:**

- Hosts park free and have access to Hi-Speed internet under the shed. Plus the host will receive a voucher for one free day of parking for every day that they are on-duty.
- As an extra bonus, if you host between the months of November through March, you receive two days free for every one day hosting.
- We now have a laundry facility; while serving as host, there is no charge for the use of this service.

## ***Would you be interested in being a “back-up” host?***

A back-up host is someone who can fill in should a host need to cancel their week due to illness or family emergency, or maybe you would simply be interested to cover for an hour or two, while you happen to be camping in the park, to relieve the current host to go shopping or run to the bank for the park. Call Ken for approval and training.

# *What Fun We Had!!*

Many planned events and rallies had to be canceled due to COVID, however, we were still able to squeeze in a little fun celebrating our members and good friends!

Friends gathered at the Soda Fountain Café to celebrate past President & Property Manager, and dear friend, Al Holcomb's 88<sup>th</sup> birthday! We look forward to many more!

Grant MacKay and Al Holcomb

Activity coordinator, Nadine Johnson, threw a wonderful party celebrating members whose birthdays and anniversaries fell in October!

# Safety Day

Safety Day at the Top was a GREAT success!

A BIG thank you to Brad Singleton for putting this together and to the Club for covering the costs.

Park members of all ages learned so much and feel very confident should an emergency ever arise!

18 club members took advantage of CPR training

Sam Fontanez learning proper breathing

Ray and Jean learning chest compressions

Maria Harris saving a life

Alex receiving one-on-one training

Kyle Spires learning infant compressions

## 2<sup>nd</sup> Annual Halloween Bash in the Park

With the uncertainty of COVID, we had just a small group of young (and young-at-heart) celebrating Halloween at the Top.

Pumpkin Painting, an Escape Room (that the kiddos managed to solve with 26 seconds to spare), Trick-or-Treating and a Nerf Battle!

Sam, Jacob, Alex & DJ

A Bonus: It was DJ's birthday!

Don't worry...everyone wore safety glasses!

# Hipcamp, a great resource for your next Adventure

By Jean Rearick

Hipcamp is a free resource for locating, reserving and paying for campsites, of all kinds, on private properties. The owner of each Hipcamp site sets their prices, rules and provides the description of their site(s).

My husband, Tom and I stayed at a couple of Hipcamp sites this past summer. One was a boondocking experience at a working heritage pig farm near Waynesville, NC and the other site had hookups for water and a 50 Amp service at a Horse Farm near Sumter, SC.

Right before the town of Canton, NC, was inundated by a flood; we camped just outside of Waynesville, NC, alongside the Pigeon River at the Mangalitsa Pig Farm owned by Catherine and Rick <https://www.hipcamp.com/en-US/discover/north-carolina/working-mangalitsa-farm>.

Our 3 night stay by the shooting shed couldn't have been more perfect. We were even able to put our kayaks in the water and play around in the river right from our campsite. Besides learning about heritage pigs from Catherine, she told us about Presnell's vegetable stand just down the road with the best tomatoes in the world and every other fruit and veggie you could want.

Then in Clyde, we visited Sentelle's Seafood market where you can purchase fresh fish alongside every other provision you can think of including a fabulous craft beer and wine selection. We also enjoyed hilltop star-gazing a short walk from our campsite (take a picnic blanket to lie on or sit in the Adirondack chairs already there).

The pigs are so cute and watching them being fed was another highlight. Don't forget to pick up some Mangalitsa pork to take home on your way out (they even had ice available).

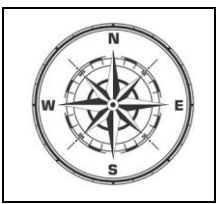

We also visited Jane and Mike's Horsecamp near Sumter, SC near Congaree National Park, Poinsett State Park and a lovely Kayak trail nearby. <https://www.hipcamp.com/en-US/south-carolina/jane-k-s-land-5/horse-farm>.

Staying at Jane and Mike's Horse Farm was delightfully perfect. It was like camping with a concierge. They are located in an area with beautiful parks (Congaree National, Poinsett State, and Swan Lake Iris Gardens) and incredible food (Hamptons in Sumter). Their property was peaceful and it was great to have running water and electricity. Stay here, you won't be disappointed.

The best part of Hipcamp is that you can camp for multiple days at a time and they are all over the USA.

Happy Trails!!

## 'Jewel of the South' Rally

by Dick and Judi Sells

A friend of a friend was the key that led to an invitation to an Airstream rally being held by the North FL unit. Campground reservations confirmed, we pulled into the weekday Atlanta traffic in mid-September heading for the 'Jewel of the South' rally at Jekyll Island, GA.

Equipped with plenty of bug spray and more than a little curiosity, we cruised south, through periodic rain showers, arriving six hours later under mostly cloudy skies.

Through the gates (\$8) and a straight shot, where you arrive at Beach Village, go around the traffic circle and head north for the campground (3 miles). Rustic comes to mind as you first see a forest of water oaks with Spanish moss in abundance.

The office, a small building that blends in perfectly with the surroundings, and also had a great little gift shop, is on the right, and we were quickly on the way to our campsite.

Streamers were already in abundance and we were greeted with lots of smiles and waves. We smoothly parked (thanks to excellent pilot/co-pilot communication) between beautiful trees that made the awning unnecessary for our 6 day stay.

Socializing began immediately and never stopped. Note: teamwork again comes into play here, one sets up, one socializes - it just seems to work. We met many new friends, and reacquainted with many more that we remembered from their visits to the TOP.

The week was filled with organized sunrise bike rides, regular bike rides (one of us is still sore), museum visits, turtle sanctuary visits, boat tours of the bay, short meetings, auction for a chosen cause and did we mention organized food gatherings... Catered, potluck, potluck leftovers, shrimp, cheese and crackers, dip and chips and, of course, happy hours.

Adjacent to Jekyll is St Simon and also the unique village of Brunswick, both good tourist destinations, we hear, as we never left Jekyll. Our experience attending another unit's rally was wonderful and we would encourage others to do the same if the opportunity is there. The bug spray was unnecessary.

## From the park

### *Everyone loves a nice fire on a chilly night!*

#### Fireplace and Fire Pit Rules:

Whoever starts the fire is responsible for putting it out.

There is an ash bucket next to the fire place. If you enjoyed the fire place at night, please clean the ashes out the next morning once cooled, so that the next person can enjoy it as well.

Park's quiet hours are from 10pm to 7am, doesn't mean you have to leave, just be aware that your neighbors may be trying to sleep and adjust voices and music volumes accordingly.

*Stay warm and have fun!*

## Membership

It is time to renew your ACI and TOG membership for 2022. The current pricing is \$90 (\$75 for ACI and \$15 for TOG)

ACI (WBCCI) made a big change to the membership renewal processes this year.

If you were a member before July 1, 2021, then you will continue to renew your membership by the calendar year. (Meaning you will renew by December 31 each year.)

If you became a member after July 1, 2021, then you will renew on your membership anniversary date. For example, if you joined on August 15, 2021, you would renew by August 15, 2022.

To renew your membership, **you must renew online!** We cannot renew your membership at the club level.

1. Go to the following URL:

<https://airstreamclub.org/members/dashboard>

2. Login into your account

3. Choose "Membership Information" from the menu or the popular links section of your dashboard

4. Click "renew membership".

\*\*\* You must login as the primary member to renew. The partner member will not be able to renew from their account.

If you have trouble logging in, you must call the membership department at Airstream Club International. The contact information can be found at: <https://airstreamclub.org/contact-us> - (p) 937-596-5211

If you have any questions about membership, please call our membership coordinator, Jaime Ralston at 404-435-7268 or email [tog airstream@gmail.com](mailto:tog airstream@gmail.com).

## LET'S HAVE A COMPETITION

This is a copy of our Top of Georgia flag. It has been suggested that we need a newer, more updated, colorful, fun flag for our club. The Board is announcing a competition to select a winning design. Did you know that our name was a competition among the members back in 1961, so why not a competition now for a new flag?

The only requirement on a flag for the TOG Club is that it have our name and WBCCI or ACI somewhere in the flag. Traditionally we have always had a dark blue background, but that is open for creative design as well. You may use any colors you like. You can even incorporate the 032, our unit number, in the design, but it is not necessary.

The deadline for submissions is April 1. You may send your design to Mary Anne Meeks, [mapmeeks@bellsouth.net](mailto:mapmeeks@bellsouth.net). We will appoint a group to have a blind juried selection of the top two designs or allow the membership to vote at the April business meeting, 4/30 (to be determined in the future). Please note that no new design may be selected. So come on all you artists and designers, show us what you have.

## WINTER COMPLIANT CAMPING AT THE TOP OF GEORGIA

By Rick Sibly, Property Manager

- When freezing temperatures are expected, you must completely close the large faucet valve handle at your site. This will allow the water to drain below the freeze line in the ground.
- Your water hose must be disconnected from the Park's water service when the temperature is below freezing (unless you have taken the following recommended steps.) Use your fresh water tanks as your water supply.
- When you plan an extended stay of a month or more in one site, you may want to take the additional steps necessary to leave your water hose connected. Place a 'trouble light' with a 60 watt light bulb on and covering the frost proof faucet handle on the Park's water tap. Place a large plastic garbage bin upside down over the frost proof valve or canvas cover. You must install heat tape on the water line, faucet valve, and hose and then wrap with insulation and vapor barrier. Do not forget to heat and insulate the metal union that connects the trailer to the water hose. This is a common area to freeze if not properly insulated.
- In case there are power outages, disconnect water lines ASAP. In anticipation of power outages, make sure you have your water tanks full and a good charge on your rig's batteries.
- The Park's Property Manager or his representative will review all water hookups during freezing weather. He has the right to demand at any time that that water connections be modified, changed, or disconnected. Those campers who do not comply in a timely manner with the recommendations for winter compliant camping at the Park are subject to having their water locked-out.

If the Park's water taps or lines are damaged due to improper use or failure to follow recommendations during freezing weather, the Top of Georgia Board of Directors have the right to charge damage repair costs to the camper(s).

## Region 3 President's Update November, 2021

It is 7:00 AM, and I've been dreaming of 'streaming. It's been a crazy season of surgeries and cancelled trips at our house, but I've been Facebook watching all of you having a great time at rallies around the region, on caravans, at special events, or just out having fun on your own. We really wanted to be out there with you, but sometimes life happens. I want to send special thanks out to our 2020-2021 unit presidents, most of whom have already passed the gavel to their successors. I hope you enjoyed your time in unit leadership. I also want to thank and congratulate the new or promoted officers and wish you well in the coming year. The club only functions because of dedicated volunteers like you. And to all of you who aren't currently serving on a board, I encourage you to support your fellow members who have stepped up. The success of the local club depends on everyone!

The same is true at the region level, and we are actively seeking a volunteer to fill our open 2nd VP position, and for an incoming VP to be installed when 1st VP Christine Baum becomes Region President at the Fryeburg, Maine International in July 2022. Please contact the nominating committee chair Matt Hackney, Christine, or me if you are interested. We would love to talk to you. We had a busy year, starting with the Region 3 "Tally" Rally in Tallahassee, FL. We had about 120 Airstreams at that rally with great weather, great food, and great entertainment. Region 3 also sponsors the Galax Old Fiddlers Special Event Rally every year and this year we had several Airstreams in attendance. This rally coincides with the annual Old Fiddlers Convention at Felts Park in Galax, VA. Region 3 had 44 rallies on the schedule this year and several more that didn't make the online schedule. Eight of those are still coming up in November and December. It's not too late for some Fall camping!

We've included a list of Region 3 and International dates below to help you plan your future travels. Unit webmasters should upload local unit 2022 Rally Schedules to the Airstream Club website as soon as possible.

Finally, please remember – *If you aren't having fun, you aren't doing it right!*

Bill Wild

# Loving Concerns

## Illness and Injury

**Vonceil NeSmith** is recovering in a rehabilitation apartment facility with Howard. We are thankful that she is improving and regaining her strength.

**John Meeks**, Treasurer, is still receiving chemotherapy treatments. The side effects are pretty severe. John and Mary Anne appreciate your prayers.

**Wes Lankford**, We are happy to report that Wes has improved and is home from the hospital. Because of his good progress, Stephanie and Mike have been able to return home.

**Claudia and Tom Litton**, Claudia has had leg weakness and trouble walking. She will be meeting with neurologist on November 15 to discuss diagnosis and treatment needed. Pray also for Tom for ongoing health issues.

**John Worley** has been treated for a ruptured Achilles tendon. He will be having back surgery soon to relieve pressure on a nerve and also has other health concerns.

*"Fear not, for I am with you; be not dismayed, for I am your God; I will strengthen you, I will help you, I will uphold you with my righteous right hand."*

*Isaiah 41:10*

## Update

**Lane Carpenter** has recovered from her hernia operation in October and has since received official results that the lesions removed recently are not cancer. We are very thankful for this outcome.

*Please, join us in praying for these folks and their medical issues or their grief in a time of the loss of a loved one. Knowing that there are those who care is a true blessing to those in need.*

*We are a family of sorts, connected by our love for camping and love for each other.*

If you are experiencing a difficult time or know of someone who is, please let me know.
